Will Wreck Bridge At Canal Point To Let Dredge Thru

County and state engineers this week, were completing plans for removal of a section of a new bridge at Canal Point to make way for passage of a large dredge which has been at work in FCD canals.

Commissioner Paul Rardin asked that County Engineer Steve Middleton, contact the State Road Department to make plans for re-routing traffic, installation of traffic signals and for rebuilding a section of the bridge, after the dredge has moved out into Lake Okechobee. Owners of the dredge will be required to pay for rebuilding the highway bridge.

In another action, the board agreed to secure a tri-angle plot of ground at the intersection of two highways in Canal Point and to develop the land as part of the county's park system.

The board also approved action suggested by Commissioner Rardin to procure needed right of way for construction of a new road that will link the old and new Belle Glade roads just north of the County Barn.

The board also approved a request from Commissioner Rardin that preliminary plans be drafted for construction of a storage building at Canal Point Park.

In other actions the board: Received a letter from the mayor of South Bay, asking the board to consider the Pahokee Airport as the site of a proposed Glades court house annex.

Called for bids on fire and theft insurance for the county's automotive equipment and bids on a new station wagon for use at the County Children's Home.

Sneak thieves, who like nothing better than to find a fat wallet in a pair of pants draped over a chair while its owner is asleep, are still on the prowl in the Pahokee-Canal Point area and law enforcement officers again remind residents to keep their homes securely locked at night as well as in the daytime while they are away.

Canal Point Baptist Church is participating in the Florida Baptist-Stetson University campaign to raise \$250,000 to rebuild and enlarge the food services on the University campus in DeLand.

Fire destroyed the college kitchen and dining room December 21, and a few weeks later the State Mission Board pledged the \$80,000 Baptists in Florida to raise \$175,000 in special gifts and offerings to go with the \$75,000 insurance check to enlarge food services on the campus.

In addition to Rev. Joe Clements, pastor of the church, the local committee includes Charles Maxson, Sunday School Superintendent; Mrs. G. T. Echols, WMU president; Mrs. R. T. Smith, Training Union Director; and J. S. Chastain, Chairman of the Board of Deacons.

Cinematic Chatter

By Malcolm Millar

Hello everybody! Victor Mature's eating habits, if they can be called a habit, are a key to that star's personality. He's strictly a nonconformist and his selection of food and the time that he eats it would give a dietician a veritable nightmare, especially in view of the fact

that Mature, although shattering every dietetic rule and regulation, has one of the most tremendous physiques in Hollywood. Mature eats whatever he feels like eating at any hour he feels like eating it. "I eat when I get hungry," says Vic. "People who insist on breakfast foods—cereals, bacon and eggs and pancakes—early in the morning just because that's the accepted thing to do give me a pain." Of course Vic is among the first to admit that eating a double chocolate sundae covered with nuts at 7 a. m. is a little startling but he often does it. But he eats cereals, bacon, eggs and pancakes at the hours he's hungry for them. One of his favorite early morning meals is a steaming bowl of chili. He may have a steak at four in the morning and again, he may crave a hunk of apple pie when he awakens in the middle of the night. Vic always carries a bag of peanuts in the hull with him to gnaw on. Usually he has a bag of sandwiches stashed away just in case the fancy to eat strikes him between takes when at the studio or on location. But Vic refuses to eat at the prescribed hours, regardless. See you at the movies—Mal.

From where I sit... by Joe Marsh

Finally Talked Herself Out

A certain talkative young lady (most apt a night locked in Doc's drugstore.

She entered Doc's store about 1 P. M., going directly to the pay phone. At eleven-thirty Doc went home—not having seen a customer for a half hour. Around midnight he got a call from the store. She had finally run out of conversation (and money) and found the front door locked tight.

Doc vowed he'd leave her there to teach her a lesson. But Mrs. W. spoke up: "Now, you got turn her loose. It's hard to cut a good

conversation short — something only a woman understands!"

From where I sit, however, plenty of men are as hard to pry away from a telephone as any female. Some people are just naturally long-winded, while others are the silent type—just as some of us like coffee and others prefer a glass of beer. The important thing is to be considerate...before friends start giving us the "busy signal."

Florida Baptists And Stetson Students To Raise \$250,000

The Stetson student body of the University's faculty and administrative staff have pledged 100 per cent participation in the campaign by Florida Baptists to raise \$250,000 by Easter to rebuild an enlarged food services building at Stetson University.

Many of the 1,038 Baptist churches in Florida have advised Dr. Harold Sanders, Tallahassee, general chairman of the campaign, that they have accepted or enlarged the suggested goal of \$1 per resident member plus special gifts. There are approximately 380,000 Baptists in Florida.

Special gifts are being received both at the University in DeLand and at the Florida Baptist Convention headquarters in Jacksonville. All funds be cleared through the Jacksonville offices of the denomination.

The student body adopted a unique method of fund raising in an effort for 100 per cent cooperation. A large signboard has been erected with a sketch of the proposed new building covered with approximately 1,200 small cards. Each card is inscribed with a student's full name. The student "buys" the card, paying three cents a letter for each letter in his or her name when all cards are removed, the new building plan will be visible.

At a faculty meeting March 14, it was unanimously voted to participate 100 per cent in the campaign. This action was taken following an address by Dr. Earl Stallings, of Ocala, member of the campaign executive committee.

Mose churches will take a special offering for the campaign fund on Easter Sunday, April 10.

Census Will Show Communities Growth

Municipal governments will likely benefit from the coming Federal Census to be taken in Palm Beach County if the same procedures apply that were observed in the 1950 county.

At that time, enumerators kept the count by cities throughout the county and final tabulations listed each city and its population. City officials here have already made plans to confer with Robert Gaines, federal census bureau who will supervise the count, as to keeping an individual tab on the population growth of this community.

According to the 1950 census, here is how the communities in the Glades were listed in the final tabulation.

Mrs. Hundley Guest Of C. P. Lions Club

Mrs. Lloyd Hundley, president-elect of the Pahokee-Canal Point Garden Club, was guest speaker at the Tuesday luncheon meeting of the Canal Point Lions Club.

She invited the Lions to attend the dedication of the new Pioneer Park on Bacom Point Road Sunday, May 1, at 3 p. m., and told of the development of the park as a project of the Hibiscus Circle. In the pioneer days the park site was used as burial grounds by residents of the East Beach area. When the circle, with city and county assistance, began its park project two years ago the site was a tangled mass of shrubs and weeds undistinguished from any unkept vacant plot of land. Today it is one of the most beautiful small parks in this area. The dedication ceremony will take place at the monument that was recently installed at the front entrance. The monument bears a bronze plaque with the names of the pioneer residents buried in the grounds, she said.

The club voted to sponsor the Uptegrove Quartet in a benefit concert, the place and date to be announced.

Uptegrove Quartet To Present Concert

The Uptegrove Quartet of the Glades will join the Gospel Harmony Quartet of West Palm Beach in the presentation of a concert of gospel songs at the Church of God, 709 N. F. St., Lake Worth, Saturday, March 26, starting at 8 p. m. The public is invited. The free will offering will be for the benefit of the church building fund.

BILL BOOSTER by BOE'S & MATHIS-BOE

I'M AFRAID YOU'VE PUT TOO MUCH POSTAGE ON THIS LETTER, SONNY!

I HOPE THAT WON'T MAKE IT GO TOO FAR.

BOE'S-PAHOKEE MATHIS-BOE BELLE-GLADE GO A LONG WAY TO GIVE YOU THE FINEST.

Benjamin Franklin, whose birthday is January 17, was expert in handling money and his advice is as sound today as 200 years ago. All quotations here are from his booklet, "The Way To Wealth," published 1760.

Ben Franklin gives you some expert advice about Payroll Savings

"What though you have found no Treasure, nor has any rich Relation left you a legacy, Diligence is the Mother of Good Luck."

Have you ever wished you had \$1,000, \$5,000 or more—to buy a car, get a home, help you toward retirement? Today, it is actually easy to save such large sums! Because, today, you can have your saving done for you—with automatic diligence—through the Payroll Savings Plan.

"If you would have a faithful Servant, and one that you like, serve yourself."

Serving yourself means *keeping* some of the money you make each week and investing it, for yourself. Here's how: you just name a sum to your company's pay office—a few dollars or as much as you want. Each payday, that sum will be saved from your pay, before you get your check and invested for you in one of the world's finest investments, U. S. Series E Savings Bonds!

"Little Strokes fell great Oaks."

Because Savings Bonds earn good interest, they're soon worth more than the money you've invested in them. And how your savings mount up! Sign for as little as \$5.00 a week and in 9 years, 8 months, you'll have \$2,850 cash. In 19 years, 8 months, you'll have \$6,872!

"One To-day is worth two To-morrows, and farther, Have you somewhat to do To-morrow, do it To-day."

For your own sake, don't put off joining the 8 million Americans who are making their dreams come true through Payroll Savings. Sign up for Payroll Savings today. Or, if you're self-employed, invest in Savings Bonds regularly where you bank. If you want your interest as current income, ask your banker about 3% Series H Bonds which pay interest semiannually by Treasury check.

"Remember what Poor Richard says:
Many a Little makes a Mickle."

**Make your dream house come true! It's easy
—through Payroll Savings!**

If you think you can't own the home of your dreams because the down payment's too steep, chances are you've never tried the Payroll Savings Plan. Because this is the easy, automatic way to meet any down payment—for a house or any large purchase.

Just do this: Sign a Payroll Savings application at your pay office, naming a certain sum to be kept aside from your pay before you get it each week—a few dollars or as much as you want. After that, you're saving *automatically*—nothing to worry about, nothing to do. And, best of all, the money saved out of your pay each week is automatically invested for you in U. S. Series E Savings Bonds.

Because Savings Bonds earn solid interest—3% cumulative semiannually when held to maturity

—the few dollars saved from your pay each week soon grow into big generous amounts. For instance, if you sign for \$12.50 a week, in just five years you'll have \$3,348.95 cash. In 9 years, 8 months, you'll have \$7,217.20!

So don't let down payments get you down. Meet your needs for ready cash the way more than 8 million other Americans are meeting theirs—join the Payroll Savings Plan today. Or, if you're self-employed, invest in Bonds regularly where you bank. Start now to make your dreams come true!
